Notices;

We have a new Facebook page (with the same name), we are hoping to remove the old one as it now has out of date information on it.

Hardy

Hardy has settled in to his new home really well. He is enjoying his walks and exploring the new sniffs which come with a new area, he greets us every morning with a bootie shake, a wagging tail and a teddy in his mouth, he loves his food, walks beautifully on his lead (provided he can stop and sniff at every opportunity), & has made lots of new friends. Gill would be so proud of her beautiful boy.

As many of you will know, we said farewell to our beloved Gill on Wednesday 21st February.

It was wonderful to hear and see how many people's lives she has touched.

Rest In Peace beautiful lady.
